

Allan Hutton

Al brings a wealth of hands on experience to our Advisory Board as a former Military and Civilian pilot and Flight Instructor.

After graduating from the Moncton Flight College in **1973**, Al went on to fly in the Canadian Northern Airspace as an Otter bush pilot accumulating over 1000 hours time in the severe cold weather operating environment in the former Northern Quebec in sports of the James Bay Hydro Electric project.

Al's career path led to be accepted by the Canadian Armed Forces as a jet pilot and to become a Military Jet Qualified Flight Instructor (QFI) and Operations Officer at the 436 Squadron, CFB Trenton, Ontario.

During this phase of his career Al flew the, Canadair CT-114 Tutor, a Canadian-built jet trainer and also trained on the Bell UH-1N Twin Huey a twin-engine medium military helicopter as well as the CF-5 and the T-33.

In the Canadian Military, Al taught basic flight school, instrument flight procedures, aerobatics and formation flying at night in high performance Jet aircraft. A feat not for the faint of heart!

In total Al has over **3,000** hours of Flight School training and Pilot in Command Jet and rotary wing time over his career before his retirement from the Military in **1991**

Al currently resides in Toronto, Ontario with his wife **Ginny** and is enjoying a successful Real Estate career with Re/Max.

During his spare time Al is an avid outdoorsman and an avid nature photographer.
